

Team 7 - Meeting Minutes

Project: Web-Based Language Scavenger Hunt Game

Meeting Date: Sunday, October 4

Next Meeting: Tuesday, October 6

Attendees: Gamuchirai Mhere, Madiba Burks Magara, Ashish Nayak, Dan Rukundo

Discussion

- Reviewed weekly logs and the progress of open pull requests.
- Raised a few questions about merging and how the database should be structured.
- Compiled the team weekly log and added each member's individual log.
- Reviewed the project diagrams and added them to the repo.

Agenda for Next Meeting (Tuesday, October 6)

#	Topic	Details
1	Week 5 contribution check-in	Review each member's progress for week 5. Identify any blockers or reasons for slowdown.
2	Diagram updates	Amend diagrams as needed to match the database implementation.
3	Code reviews	Check whether any code reviews are needed and assign reviewers.

Notes

- All members attended and contributed to the weekly log.
- Diagrams are now in the repo and may be revised as the database implementation progresses.
